Cloud Data Processing with NIG

1. NIG Stack

2. NodeRed

3. InfluxDB

4. Grafana

Recording

Additional Links

The NIG stack was previously mentioned here:

- Introduction to IoT - Sensors and Data processing
- First steps with your NIG

Unfortunately, these guides are **not** up to date anymore, as they use an older version of the InfluxDB. Since Version 2 of that database, some details in the process have changed a bit and there is slighty more work to it now.
